

TRANSFORMATION EXCELLENCE supports clients to improve their value chains and enables them to face the digitalization. Specialized in retail, apparel & footwear, automotive and logistics we provide an innovative approach to a successful transformation of enterprises into a long-lasting, relevant and customer centric organization.

To continue our successful growth, we are looking for candidates for our team with the right competencies who want to learn a lot and take on responsibility quickly. Start your consultant career now!

ASSOCIATES & CONSULTANTS (m/f/d)

Locations: Duesseldorf - Munich | Start: now

Your tasks:

- Support of project management as well as managing of subprojects
- Advising and supporting clients in the implementation and optimization of business processes
- Analysis of data and KPI measurement
- Development and optimization of consulting methods
- Research and elaboration of relevant business subjects

Our expectations:

- Successfully completed master's degree ideally in business administration/economics, business information technology or business engineering
- Young professional or straight from the university ideally with first consulting experience
- Strong analytical, methodological and communicative skills
- Personal responsibility, result-driven and creative mindset in thinking, motivation and empathy
- Flexibility with high willingness to travel
- Very good German & English language skills, both written and spoken

Our offer:

- Challenging projects around digital transformation for well-known international clients
- Team spirit with flat hierarchies, trusting cooperation and open feedback culture
- Individual and flexible working models
- Individual onboarding and training program with clear career prospects
